Item 8.01 Other Events.

As previously announced, on July 23, 2024, Pieris entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Palvella Therapeutics, Inc., a Delaware corporation (“Palvella”), a private, clinical-stage biopharmaceutical company whose vision is to become the leading rare disease biopharmaceutical company focused on developing and, if approved, commercializing novel therapies to treat patients suffering from serious, rare genetic skin diseases, for which there are no FDA approved therapies, and Polo Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of Pieris (“Merger Sub”). Upon the terms and subject to the satisfaction of the conditions described in the Merger Agreement, Merger Sub will be merged with and into Palvella, with Palvella surviving as a wholly owned subsidiary of Pieris (the “Merger”).

This Current Report on Form 8-K (this “Form 8-K”) is being filed to update and supplement the proxy statement/prospectus (the “proxy statement/prospectus”) (1) included in the Registration Statement on Amendment No. 5 to Form S-4, File No. 333-281459 (the “Registration Statement”), filed by Pieris with the SEC on November 7, 2024 and declared effective by the SEC on November 8, 2024, (2) filed by Pieris with the SEC as a prospectus on November 8, 2024, and (3) first mailed to Pieris’ stockholders on November 8, 2024. The information contained in this Form 8-K is incorporated by reference into the proxy statement/prospectus. Terms used in this Form 8-K, but not otherwise defined, shall have the respective meanings ascribed to such terms in the proxy statement/prospectus.

Following the announcement of the Merger Agreement and as of the date of this Form 8-K, Pieris received nine demands from purported Pieris stockholders requesting additional information for inclusion in the Registration Statement. Additionally, two lawsuits have been filed by two purported Pieris stockholders requesting additional information for inclusion in the Registration Statement. The demands and the complaints generally allege that the Registration Statement contains certain disclosure deficiencies without the requested additional information.

Pieris and the other named defendants deny that they have violated any laws or breached any duties to stockholders of Pieris, and they believe that no supplemental disclosure is required to the proxy statement/prospectus under any applicable law, rule or regulation. Nevertheless, solely to eliminate the burden and expense of litigation and to avoid any possible disruption to the Merger that could result from such litigation, Pieris is providing certain supplemental disclosures set forth in this Form 8-K. The supplemental information contained in this Form 8-K should be read in conjunction with the proxy statement/prospectus, which Pieris urges you to read in its entirety. Nothing in this Form 8-K shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the disclosures set forth herein. To the extent that information in this Form 8-K differs from, or updates information contained in, the proxy statement/prospectus, the information in this Form 8-K shall supersede or supplement the information in the proxy statement/prospectus. The information contained in this Form 8-K speaks only as of the date of this Form 8-K, unless the information specifically indicates that another date applies. Except as otherwise described in this Form 8-K or the documents referred to, contained in or incorporated by reference in this Form 8-K, the proxy statement/prospectus, the annexes to the proxy statement/prospectus and the documents referred to, contained in or incorporated by reference in the proxy statement/prospectus are not otherwise modified, supplemented or amended.

If you have not already submitted a proxy for use at Pieris’ virtual special meeting, you are urged to do so promptly. This Form 8-K does not affect the validity of any proxy card or voting instructions that Pieris stockholders may have previously received or delivered. No action is required by any Company stockholder who has previously delivered a proxy or voting instructions and who does not wish to revoke or change that proxy or voting instructions.

Legal Proceedings

Two lawsuits were filed in the Supreme Court of the State of New York, County of New York on November 15, 2024 by two purported stockholders of Pieris in connection with the Merger. The lawsuits are captioned Eric Johnson v. Pieris Pharmaceuticals, Inc., et al., No. 659064/2024, or the Johnson Complaint, and Michael Kent v. Pieris Pharmaceuticals, Inc., et al., No. 659073/2024, or the Kent Complaint, and together with the Johnson Complaint, the Complaints. Each Complaint named as defendants Pieris and the members of the Pieris board of directors. The plaintiffs contended that the Form 424 prospectus filed on November 8, 2024, or the Form 424 Prospectus, omitted or misrepresented material information regarding the Merger, rendering the Form 424 Prospectus false and misleading.

Between August 22, 2024 and November 27, 2024, Pieris received nine demands from purported stockholders of Pieris making substantially similar claims as in the Complaints regarding the disclosures in the proxy statement/prospectus related to the Merger.

Additional lawsuits may be filed against Pieris, Merger Sub, Palvella, and/or the , and additional demands may be received in connection with the Merger and the proxy statement/prospectus. The defendants dispute the allegations in the shareholder demands and the Complaints. For additional information, see page 259 in the section entitled “Legal Proceedings.”

4 . The Note below the table appearing on page 148 of the proxy statement/prospectus under the section entitled “Certain Unaudited Financial Projections of Palvella” is amended and replaced in its entirety with the following disclosure. The modified text is underlined below:

Note: The Palvella Projections through 2038 shown in the table above include projections for QTORIN rapamycin for microcystic LM only and are probability-adjusted by 65.0% to reflect the probabilities of technical success determined by Palvella’s management. Palvella’s management believes projections for 2039 and 2040 are substantially more uncertain than the Palvella Projections through 2038 and therefore were not included. Palvella owns issued patents in the United States and pending applications in the United States directed to anhydrous gel formulations of rapamycin and methods of using the same to treat certain skin disorders, including microcystic LM that naturally expire in 2038. As such, the shown Palvella Projections are through the end of calendar year 2038 to align with the expected period of patent protection. In addition, in the discounted cash flow analysis of Palvella performed by Stifel in connection with its opinion, the projected free cash flows of Palvella assumed a 31% tax rate and no existing NOLs. The tax assumptions used to calculate projected free cash flows of Palvella were made by Palvella solely for purposes of the discounted cash flow analysis performed in connection with Stifel’s opinion, and none of Pieris, Palvella or Stifel assumes any responsibility for any use of such assumptions, or reliance on such assumptions, for any other purpose.

5 . The fifth full paragraph under the subsection entitled “Director Compensation” of the section entitled “PIERIS EXECUTIVE AND DIRECTOR COMPENSATION” on page 195 of the proxy statement/prospectus is amended and replaced in its entirety with the following disclosure. The modified text is underlined below:

In addition, in 2023 Pieris announced its intention to explore engaging in one or more strategic transactions, including mergers, reverse mergers, acquisitions, other business combinations or sales of assets, or other strategic transactions. The Pieris board of directors appointed a Transaction Committee of the Pieris board of directors to help facilitate the Pieris board of directors’ consideration of such potential strategic transactions, which consists of Pieris’ directors James Geraghty, Christopher Kiritsy, and Peter Kiener, D.Phil. The Pieris board of directors appointed James Geraghty, Christopher Kiritsy, and Peter Kiener, D.Phil. as the initial members of the Transaction Committee based on its determination that these directors each had expertise that would be useful in connection with a review of potential strategic alternatives, and were each disinterested with respect to a potential transaction and free of any relationship that, in the opinion of the Pieris board of directors, would interfere with their exercise of independent judgment in carrying out their responsibility in considering and evaluating a potential strategic transaction. Each member of the Transaction Committee was compensated for their service on the committee with an annual fee of \$10,000 paid quarterly in arrears following the end of each fiscal quarter, provided that the amount of such payment was prorated for any portion of such quarter that such director was not serving as a member of the Transaction Committee. On July 23, 2024, the Pieris board of directors determined to dissolve the Transaction Committee effective as of September 30, 2024.

6 . The following new disclosure under a section titled “Legal Proceedings” is added to page 159 of the proxy statement/prospectus right after the section titled “Anticipated Accounting Treatment”:

The plaintiffs contended that the Form 424 Prospectus omitted or misrepresented material information regarding the Merger, rendering the Form 424 Prospectus false and misleading.

Between August 22, 2024 and November 27, 2024, Pieris received nine demands from purported stockholders of Pieris making substantially similar claims as in the Complaints regarding the disclosures in the proxy statement/prospectus related to the Merger.

Additional lawsuits may be filed against Pieris, Merger Sub, Palvella, and/or the Pieris board of directors, and additional demands may be received in connection with the Merger and the proxy statement/prospectus. The defendants dispute the allegations in the shareholder demands and the Complaints.
